

GREEN POLY

BIODEGRADABLE, SUSTAINABLE
COMPOSTABLE BAGS & FILM

EMPOWERING SUSTAINABLE FUTURES WITH COMPOSTABLE PACKAGING

YOUR PARTNER IN
BIODEGRADABLE,
ECO-FRIENDLY
BAGS AND FILMS.

CERTIFIED COMPOSTABLE | SUSTAINABLE | ECO-INNOVATIVE

WHO WE ARE

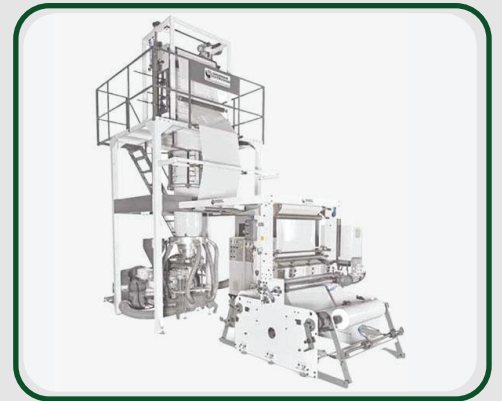

At **A A Enterprise**, we are committed to creating a cleaner, greener tomorrow through truly compostable, sustainable packaging solutions.

Based in Bhopal, we help businesses and communities reduce plastic waste with biodegradable, environmentally responsible alternatives.

OUR INFRASTRUCTURE

State-of-the-art manufacturing for sustainable innovation:

- ◉ 250 metric tons annual production capacity
- ◉ 8,000 sq. ft. dedicated compostable plastics facility
- ◉ Fully automated mono-layer blown film line
- ◉ High-speed bottom seal bag-making machines

We produce a wide variety of compostable packaging to suit your needs, including:

U-cut carry bags

Grocery bags

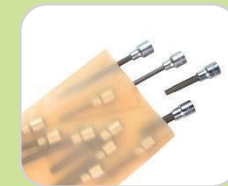

Garbage bags

D-cut Shopping bags

Heat shrink films

Liner/Component Packaging bags

We proudly manufacture as per industry standards and as per customized client requirements to ensure quality, performance, and satisfaction.

Why choose Compostable Plastics over regular plastics?

Supports corporate sustainability goals

Simplifies EPR compliance and reporting

Reduces carbon footprint and plastic waste

100% certified compostable & eco-safe

OUR SUSTAINABLE PRODUCT RANGE
